Description

This Danis Prestige steel watch is a watchmaking masterpiece combining elegance and innovation. The bracelet, mounted on small moving padlocks, adds a unique and sophisticated touch to this jewel. The white hands contrast beautifully with the oval blue dial, providing perfect readability and distinctive style. With a strap width of 0.7 cm, this watch fits gracefully on the wrist, ensuring optimal comfort. Featuring a precise mechanical movement and shockproof function, this watch is built to last and perform in all conditions. With a wrist circumference of 20 cm, it offers a perfect fit, combining functionality and aesthetics with a touch of modernity.
