Description
-------------

Important bottles with ludions from the pilgrimage of Notre Dame de Liesse, dating from the first half of the 20th century.

it rests on a pedestal and is in perfect condition, including at the top which is rare.

the ludions support spun glass objects representing the passion of Christ as well as numerous characters: the virgin mary, the black virgin, angels etc...

of course some ludions have come loose or are broken and rest at the bottom which is normal given the fragility and age.

the bottle is supposed to contain the miraculous water from the fountain of Notre Dame de Liesse.

a rare and magical object due to its destination
