This late 19th century lamp is made of green celadon. We attach the lampshade. It is in good general condition, we would like to point out for those who are more picky, small cooking defects on the ceramic (hardly visible), dents in the metal. The electricity is old, so needs to be reviewed for safety reasons. Our photos allow you to appreciate the quality of this lamp. For the condition, please detail the photos. Feel free to zoom in. The photos are an integral part of the description. Dimensions: Total height: 44 cm Foot height: 25.2 cm Shade diameter: 34.5 cm Base diameter: 12.3 cm E: M3222
