

## Oil On Canvas, Barge On The Quays In Paris, Early 20th

1 850 EUR

Period : 20th century

Condition : Très bon état

Material : Oil painting

Width : 54

Height : 46

### Description

By an unknown artist very influenced by the artists of the end of the 19th century, with this perspective highlighting the Parisian quays, a barge and the bridge in the background.

The touch and the colors are resolutely modern, surely inspired by the great masters of the early 20th century like Vlaminck. A canvas with typically Parisian charm
