Description

This magnificent ring features an emerald cut ametrine, measuring 1.5 cm in width and 1.7 cm in length. The stone sports an alluring lilac purple hue, capturing the light elegantly. The gem is securely held by four triple prongs, and the openwork side of the ring allows light to pass through, thus accentuating the brilliance of the ametrine. A maker's mark, in the shape of an eagle's head, attests to the exceptional quality of the 750 thousandths gold used for this piece. With a weight of 7.35 grams and a finger size of 53 mm, this ring combines comfort and sophistication, making it a valuable addition to any fine jewelry collection.
