Description

Bouquet of flowers, roses, pansies..

Superb watercolor on vellum.

It is signed Comtesse A Du Lau located Lorge

It is certainly a student of the famous flower painter, Pierre Josef Redouté.

Is there a connection with the Countess of Nattes?

The Countess du Lau d'Allemans? of Lau d'Ollemans?

Likewise the term Lorge, certainly places this watercolor, is it in the commune of

L'Hermitage-Lorge in the Côtes d'Armor in Brittany?

The Count of Choiseul inherited the lands of Lorge in 1781.

François Baron du Taya was land manager in the 19th century.
