Important Pair Of Regency Style Mercury Gilding Tiebacks

850 EUR

Period : 19th century

Condition : Très bon état

Material : Bronze

Width : 8 cm

Height : 34 cm au total

Depth : 20 cm

Description

Impressive pair of mercury gilt bronze tiebacks in Regency and Napoleon III styles.

a superb quality of execution and finish for this pair of quite exceptional tiebacks.

the carving details are of very high quality as well as the cast iron and the well-preserved mercury gilding.

take a good look at the photos, it's quite rare to see such work for tiebacks.

a little bit of verdigris in very superficial places without seriousness.

the rework of the carving is worthy of fine work from the 18th century.

tiebacks from a castle, a palace or a beautiful Napoleon III mansion.
