Description

Description:

Chiseled bronze, antique patina, Sarrancolin marble.

By its size and weight, this paperweight is also a sculpture. It represents the chubby arm of a baby emerging from a drape, we even see the crease at the wrist that babies have. In the 19th century, a part of the body was often reproduced as a souvenir (pianist's hand, child's hand, etc.).

The work is without weakness and enhanced by a large molded base.

Condition:

Excellent original condition

Dimensions:

Arm: 21 cm x 8 cm, base: 12 cm x 24 cm, total height: 7 cm.
