

19th Century Walnut Lion Head Sculpture

480 EUR

Period : 19th century

Condition : Très bon état

Material : Walnut

Width : 31 cm

Height : 40 cm

Description

Superb sculpture representing a lion's head in the shape of a coat of arms. The lion is presented with its mouth open, superb expression and bold and powerful quality work. The original patina is magnificent and the whole sculptured in low relief is in one piece on a panel, all in the form of a coat of arms. Beautifully crafted work in excellent condition
