

Architectural Chair With Curved Back Minimalist Design Solid Wood 20th Century

350 EUR

Period : 20th century

Condition : Très bon état

Material : Solid wood

Description

Architectural and minimalist chair with a curved back made from a superb quality of solid exotic wood. Dating 20th century (1980s). Design in the style of Gregory Beson / Antonio Aricó / Dominique Zimbaca Numbered 007 under the seat. High quality manufacturing, mortise and dowel tenon assemblies, solid seat and foot, solid wood laminated back. Slight traces of use and patina consistent with age, however remaining very superficial given the density and hardness of the wood, which explains the weight of almost 10kg of the seat. A second chair is available numbered 001 Dimensions: Height 82cm Width 42cm Depth 46cm Other information on request Transport on quote
