Description

Here is a very pretty staff, ritual or ceremonial item. In Hongmu wood, it is finely carved in the upper part, with a water dragon opening its mouth, which holds a closed, openwork hand. 4 rings on the handle, probably shortened.

Good general condition, slight wear and the handle slightly shortened. Please look carefully at my detailed photos, I am not hiding anything.

Asian working, most probably Chinese, dating from the end of the 19th century or very beginning of the 20th century, Circa 1900.

Dimensions: 76cm H x 4cm.
