Ceroferarian Angel

3 900 EUR

Period : 19th century
Condition : Etat d'usage
Material : Terracotta
Height : 1 mètre

Description

Ceroferous angel half kneeling on clouds.
Polychrome terracotta.
Some traces of time without showing any defects.
With a serene and benevolent face, this angel carries a torch ending in a lantern into which a candle can be inserted.
The lantern is glazed and surrounded by golden metal ornamentation topped with a cross.
Finesse in details and expressions.
