

Framed Miniature

300 EUR

Period : 19th century

Condition : Très bon état

Material : Ivory

Width : 6 cm

Height : 7,5 cm

Description

We present this beautiful set of a miniature on ivory, of a very pretty young girl in an oval, beaded and gilded frame. It would seem that this framed miniature could have been worn due to the fact that it has a ring, very good state of conservation, certainly from the first part of the 19th century to be verified. 45g (E24)
