

Series Of 12 Earthenware Plates From Longchamp Médicis

240 EUR

Period : 19th century

Condition : Bon état

Material : Earthenware

Description

Series of 12 earthenware (iron earth) flat plates from the Longchamp manufacture, Medici model. Dimensions: 24.5 x 24.5 cm Superb plates in iron earth (earthenware) Medici model, the stamp on the reverse allows us to date it between 1880 and 1912 because it includes the initials RC intertwined in the center for Robert Charbonnier. Marked Longchamp terre de fer under each piece (most have the Medicis stamp, some only Longchamp terre de fer). The plates are in good general condition, of course sometimes some patina spots from time. 3 sets of 12 plates available.
