Depth : 97

Description

Italo is dedicated to Italo Buccella, the founder of Vibieffe. The product embodies both the past and the future of our brand. Italo, with its rigorous shapes, distinctive wooden armrests, and the linearity of its padded section, tells a story reinterpreted according to design rules. The future lies in the technical realization and the uniqueness of the asymmetric quilting, highlighted by the black profile that best defines the distinctive design of the product. The Italo collection is enriched by the ottoman and armchair available with armrests in canaletto walnut or matte black lacquered wood.

Dimensions: 290x97x87h cm, seat height 44 cm,
Milano leather CAT 236 Ebony
