

## Pair Of Shelves

1 900 EUR

Period : 19th century

Condition : Très bon état

Material : Lacquer

Width : 40cm

Height : 185cm

Depth : 30cm

### Description

This pair of Chinese vermilion lacquer shelves was intended for the presentation of art objects, porcelain, hard stones, in the cabinet of a scholar. They each have two small drawers at their base, for storing small objects, such as brushes or small rollers. Their vertical columnar shape makes them particularly suitable for decorating a classic or contemporary interior. They can even serve as a separation in a room, or have a use in the interior architecture of an apartment.
