Description

Fortunately I still had a few small IKEA frames, they are very useful for me today to present to you the 785 Z166 This is the registration of this Panhard et Levassor from before 1900. the occupants had put on their clothes warmer to parade in the garden on a clear late autumn day... you can see it in the pear leaves on the ground... But the most brilliant thing is to have found in the family collections the photographic plate of the negative (it's not entirely true, play the 7 mistakes game, you'll see why)....but it's funny all the same.
