carried by his son Claudio who for some time had been following in his father's footsteps and taking an interest in the development of one of the oldest processes in glass making; Claudio Tiozzo 13 July 1971 is born in Venice. His father Sergio Tiozzo is master glassmaker and influences his son's passion for undertaking his artistic activity. At the age of fourteen he began his professional training in the family workshop and in other Murano workshops with the aim of learning as many processing techniques as possible. At 16 years he collaborates with the Venini glass factory, specializing in murrina Technique. During his career he collaborates with important glassworks: Barovier & Toso, Carlo Nason, La Murrina. His works of art have been exhibited in important exhibitions both in Italy and abroad
