### Description

Here is a plaster statue from the workshop of Charles-Alexandre Filleul (1856-1907), it represents a Christ with his arm raised. The work is dedicated and bears the signature of Filleul. It is nicely patinated, powerful and well brought out. This is probably preparatory work for a larger statue, Charles Filleul made garden statues in particular. The work is natural, it has not been touched. We report a broken thumb and index finger, missing parts, chips on the base. Our photos allow you to appreciate the quality of the object. For the condition, please detail the photos. Feel free to zoom in. The photos are an integral part of the description. Dimensions: Height: 74.5 cm Width: 18.5 cm Depth: 23.5 cm E: M3018
