Description

Description:

Gilded metal

This pectoral represents small oak branches bearing leaves and acorns, we will think of the naturalist jewels of the beginning of the 20th century. The work is of excellent quality, especially for a jewel without value by its metal, but the gilding is gold. It is a goldsmith's work, made element by element then welded. Maybe an order for the theater.

Condition:

Excellent condition.

Dimensions:

Length: 12cm, total height: 10 cm.
