Description

Here is a direct carving sculpture probably made in what I believe to be alabaster or onyx. It is a 20th century work representing a kneeling woman. The whole thing has a lot of allure, the sculpture weighs a lot. We report rubbing in various places, dirt, yellowish traces, restorations on the elbow, foot and hand, the work remains however in good general condition. We sell it in its juice, natural, untouched. We have carried out a summary cleaning. We will not deliver by post for this type of item too fragile, but we work with carriers, please contact us for a quote. For the condition, please detail the photos. Do not hesitate to zoom. The photos are an integral part of the description. Dimensions: Height: 23 cm Width: 16 cm Depth: 21.5 cm E: M723
