### Description

Eugène Holtzmann (1887-1958): "Open window on the Old Port of Biarritz", watercolor gouache 36 X 26 cm, dated 1936, mounted by a mat in a blue and gold baguette of the time. Dirt between the glass and the mat, label titling the work on the back. This charming Alsatian painter took advantage of a vacation in our seaside town to immortalize what he saw from his room: this deep window with the rounded cut characteristic of the 19th century buildings of Biarritz, with windows protected by internal shutters, looks down on the port...
