

Pair Of Cuspitate Glass Jugs With Metal Handle And Pourer

150 EUR

Period : 20th century

Condition : Bon état

Material : Glass

Height : 26

Description

The lightness of these two elegant jugs is given by the slender glass body decorated externally with a very thin glass cord applied in a spiral.

The handle and pourer are in chromed brass.

Some light traces of oxidation and a light layer of deposit evident in one of the two jugs but, overall, considering the use and the age, we can define the condition of these two jugs as good.
