Description

Superb and impressive art-deco vase, collaboration between Daum and Majorelle. Large ball vase whose glass is set in a wrought iron frame by Majorelle, it is entirely acid-etched to give this granite and falling rain effect. Note this very beautiful round shape on a large wrought iron foot with a small straight neck. Herringbone lines descend over the entire vase. Very thick glass, over 10 kilos, 37 cm high and 27 cm in diameter. This model is clearly referenced at Daum, see last photo. A timeless, perfect and very aesthetic piece. Rare model, certainly the largest model of its kind.
