Description

We present this huge Art Nouveau ceramic bust, 82 cm high. It is of course a bust of a young woman with flowers in her hair and neckline. It is possible that it was Emile MULLER et CIE. (1823/1889) who made very Art Nouveau fireplaces. The factory was Emile MULLER et CIE. Ivry sur Seine around 1904 because the name remained after his death and they made enameled stoneware. So we firmly attribute it to this factory around 1900 since it is very typical of this Art Nouveau movement. (E24)
