

Vetta, Ermetico 5347 Chronograph Valjoux 22, Mens, Circa 1940

7 500 EUR

Period : 20th century

Condition : Bon état

Material : Other

Description

VETTA 'ERMETICO' Reference 5347 One of the most famous and admired chronographs, with waterproof case, in the whole world of collection, thanks to its large size and the perfect proportions of its elements. A extremely rare Cronografo Vetta Ermetico with crisp double-scale black galvanic dial and stepped bezel. This superb watch with "a forte pressione" case back To further increase its charm there is the incredible two-tone dial with multicoloured scales and a wonderful and homogeneous patina. Part of the notoriety of this model is the ingenious high-pressure closure system of the case back which, despite not being screwed on, manages to preserve it from humidity. Period: 1940s Case: entirely in steel with a diameter of about 38 mm made more impressive by the large pump buttons.
