Description
-------------

We present this magnificent oval frame with very curved glass from the 19th century, between 1840 and 1860, in its original form I specify. It has been beautifully crafted because the entire back part can be dismantled very easily to access the interior. Let's say that it can be used as a display case to receive dried flowers for example. This object is in exceptional condition and is truly from the 19th century. The price will be firm. It will be necessary to provide additional shipping.
