Description

Crafted in the lavish, Louis XV style, these beautiful wall-lights were made in France in the late nineteenth century, and feature five elegant gilt branches that finish in floral motifs which form the lighting mounts..These are large and palatial with a combination of Gilt, Patinated Bronze and look a million dollars, they really look the part and are the highest quality.In the late nineteenth century many earlier styles, such as the Louis XV, enjoyed a resurgence, with many pieces incorporating a range of influences to create beautiful pieces that combined modernity with the grandeur and style of the past. These wares are an excellent example of this creative phenomenon.Holding aloft five lighting-mounts each, these elegant gilt works are in excellent condition, exemplify this style
