Description

Wedding wafer mold dated 1779 from the Perche region. Both plates are rimless, this is mainly what differentiates the wafer or wafer mold from the waffle mold. The Perche has a reputation for these wafer molds with abundant decoration of symbols: Cross in station, radiant sun, heart for the wedding gift, Maltese cross sign of universal expansion, trees of life evoking eternal glory, initials, maxims and number for dating. Dimensions of the pallets 25 x 13.5 cm. Length 95.5 cm. Good general condition, with traces of use, due to time and use.
- - You can find all the history, the metamorphosis, the meaning of the symbols of the waffle makers of Perche from the 15th to the 20th century, in the work of Bernard Prevot, preface by Roger Verdier Editions du cabinet
