Description

Large animated painting by the painter Edouard Febvre (School of Paris), representing a scene from a Parisian market. Perhaps around the Halles de Paris or on a large boulevard. The scene is animated by many characters and is very colorful. In my opinion, one of his most beautiful works. The work is signed lower right and dated 1922. The date is hidden by the frame. An old restoration visible on the back. Sold without the frame who is damaged, canvas only 61x50cm (12F)
