

Set Of 4 Old Crystal Pilsner Beer Glasses

120 EUR

Period : 19th century

Condition : Bon état

Material : Crystal

Description

A long truncated cone at the base distinguishes this type of glass which owes its name to the city known for the production of beer, Pilsner.

These 4 glasses are decorated with cut sides at the base.

The only flaw: a tiny chip on the upper edge of one of the four glasses (last photo).

Another series of 8 Pilsner glasses, taller and more massive, is also on sale on Proantic. In some photos accompanying this listing we compare the glasses of these two series.
