Description

Large gilded bronze medallion representing an offering to love. Very good condition, cleaning the bronze will reveal a beautiful original gilding. This medallion, in my opinion never cleaned, has only good surprises to reveal. It is fixed in a 19th century oval frame on a velvet background. Some visible gaps in the photos at the level of the stucco patterns of the frame. Height of medallion alone: 27 cm Height with frame: 41 cm. A very beautiful old object, superb patina.
