Width : 110

Height : 52

Depth : 50

Description

A late 20th-century, 1970s Italian rectangular bamboo coffee table. The yellow Formica top is durable and easy to clean, maintaining a fresh, bright appearance over time. The bamboo wood frame lends strength and stability, while the natural wood grain adds a touch of warmth and character. It features a stable and solid structure that will add a retro and unique touch to your lounge. This piece is a perfect example of retro design that combines functionality and style.
