Description

Yomouth wool saddle pad, 1940-50. Very good condition. Rare.

This saddle pad, lined with a sturdy felt, is decorated with numerous geometric patterns arranged vertically. The fringes are typical of these ethnic pieces. A lot of attention was paid to the creation of this authentic saddle pad which was reserved for ceremonies (parties, weddings). Among other things, we find the 'S' pattern originally symbolizing a two-headed dragon that could be observed on ancient Persian, Chinese and Celtic bronzes.
