Description

Very nice overture music box, probably by Lecoultre (although not signed). The key winding mechanism plays 4 overtures with a pleasant and bright tone on a very fine comb. The cylinder is 29 cm long. The lid of the case is inlaid with a simian rosewood cartouche surrounding a butterfly and flowers. The interior of the box is red, the sides are in imitation rosewood. Overture music boxes from this period are highly sought after and always of very high quality!
