### Description

Interesting marble tondo dating from the end of the 17th century, beginning of the 18th century, representing the profile of Christ turned to the right and sculpted in the manner of a cameo in high relief.

Christ appears there in the form of a handsome young man with long hair and a full beard, all very finely sculpted and detailed.

A lack on the left of the tondo visible in the photos.

Beautiful thickness of the marble, beautiful old patina.

A very beautiful old marble sculpture.
