Description

This is probably an engraving pasted on fabric, the whole is from the 18th century, perhaps older. It is formed of 12 images of saints popular among the Christian population of the Balkans. Its purpose is a kind of phylactery - a sacred relic that can be acquired during a pilgrimage to a Christian temple. The work is natural, untouched. We report tears in many places. Our photos allow you to appreciate the quality of the object. For the condition, please detail the photos. Do not hesitate to zoom. The photos are an integral part of the description.
