### Description

Beautiful bouquet of multi-colored peonies and carnations, in the spirit of the grand siècle painted by Édouard Chol, a painter from Aix, and dated 1968. This artist, known to all the Aixois of the old generation, with a funny and strong character, made many copies of old ones, and sometimes even left doubt hanging to the point of painting on old canvas, and even creating with his picaresque imagination a Neapolitan painter. He received you in his studio between the paintings and a good steaming Provençal stew on his stove. Here, no mistake, the painting is signed and dated. We will notice the brilliance of the corollas, and the beautiful light through the glass vase. A little cleaning would give it even more brilliance, but it is pleasant like this. Frame of the time in good condition.
