Description

Antique French Empire coffee table in mahogany feather with black Belgian marble top.

The marble top is supported by a band under the top that incorporates two drawers and is embellished by the presence of finely chiseled gilded bronze friezes.

The columns entirely in mahogany feather are surmounted by Corinthian capitals in expertly chiseled gilded bronze and end with bases also in bronze.

A mixtilinear band acts as a connecting element between the columns and is enhanced by the presence of a beautiful bronze cup contemporary with the rest.
