more than 40 years...

Bibliography: "Pewter pottery in Burgundy" by

Roger Verdier and Daniel Allix

This object was used by shepherds and field

workers, day laborers ... etc. There were several

sizes, the number of which varied according to

the production centers, from 4 to 6. The shapes of

these dinner holders are variable, they are

truncated in Burgundy, pomiform in

Ile-de-France, flared in Anjou... the attachments

of the handles, depending on the region, feature

cherub heads, rosettes, fleurons, human masks,

etc.
