Height : 60

Depth : 8.5

Description

Pair of elegant, Italian late Mid-Century Murano glass wall lamps in silver-grey nickel.

The slim, rounded wall lamps have a cross-ribbed glass shade in a delicate pastel colour mounted on a nickel-plated plate. The shade is attached to the plate with 2 nickel-plated screws that have a decorative nickel head at the end. The plate has 3 sockets so that the wall lamp can be optimally illuminated with 3 light sources. The shade is finished with a nickel plate at the top and bottom.

The wall lamps are characterised by their slim shape and length.
The colour is discreet and restrained and rather neutral, the shine is brilliant.
