Description

Superb and rare pair of large Art Deco wall lights. Silver-plated bronze. Very beautiful chiselling. These wall lights were most likely intended for outdoor use, as evidenced by the original gas mounting.
Compared to the works of Ruhlmann, Dominique or Genet and Michon.

On one of the wall lights, the light arms need to be straightened. The electrification needs to be redone. Corrosion on the silver plating.

Dimensions: Height 58cm, width 52cm, depth 28cm.
