

Beams Dices Or Pillars Dices - 17th Or 18th Century

250 EUR

Period : 17th century

Condition : Parfait état

Material : Stone

Height : 50 cm

Description

Beam dices or pillar bases

Limestone from Chatillonnais

Period 17th century

These pieces have been made for centuries...

5 large pieces

Height: 50 cm

Base: 40 cm x 40 cm

Top: 23 cm x 23 cm

To receive 20 cm x 20 cm section timbers

These pieces of stone served as a base for the support posts of the framework in stables, in barns or in barns.

These stone dice had several uses; They prevented the feet of the beams from resting on the ground and rotting on damp ground, and, being solid, they protected the beams from the wheels of carts as they passed.
