Description

This draft horse is beautifully made. It does not bear a signature, but is reminiscent of great names. The quality is there, as can be seen in the rendering of the mane, the musculature and also in the vegetation on the ground. As for the patina, it is sumptuous, it is dark brown on a large part of the horse, more or less light on the other parts.

This sculpture is authentic and old, no doubt. We report traces of wear and scratches on the sides, verdigris on the base. Our many photos allow you to appreciate the quality of the object. For the condition, please detail the photos. Do not hesitate to zoom in. The photos are an integral part of the description.
