

## Tripod System Cane For Camera

250 EUR

Period : 19th century

Condition : Etat d'usage

Material : Metal

### Description

Beautiful metal cane with trompe l'oeil painted decoration imitating palm wood.  
It opens by removing the tip and unscrewing the knob, to transform into a tripod for a camera.  
French work from the end of the 19th century.  
Good working condition, wear on the paint.  
It measures 91.3 cm high.
