Description

From the 40s-50s, here is the Louis XV-style pot-bellied chest of drawers revisited in miniature to become Madame's best companion on her dressing table. In wood, entirely covered in tawny leather with iron-marked gilding, this chest of drawers has two drawers padded with a red velvety fabric for your jewelry. It has two locks but I do not have the key. Has some traces and wear spots visible in the photos.
