Stained Glass - Stained Glass Windows - Boat Near A Mill

300 EUR

Period : 17th century
Condition : Bon état
Material : Glass
Length : 4,5 cm
Height : 2,5 cm

Description

Small scene full of charm where we see a character walking a couple on a boat. They pass in front of a water mill whose paddle wheel can be seen.
This fragment must have been part of a "Swiss stained glass window" on which often appear very worked scenes in the upper parts.

Grisaille and silver yellow painting on clear glass.

Sold with its colorless plexiglass easel on which it is fixed thanks to hooks of the same material.
