

The Stop At The Riders' Inn

1 750 EUR

Signature : A définir

Period : 18th century

Condition : Très bon état

Material : Oil painting

Length : 76x53

Description

Magnificent painting from the beginning of the 18th century representing a stop for riders in an inn in the countryside, animated by a beautiful peasant scene at work around. Remarkable pictorial work! Great finesse in the details of this oil relined in the 19th century. Probably by a great artist's hand given the quality of this beautiful unframed painting in the format of 76x53 cm. Magnificent and with a great pictorial presence!
