2 Charles X Style Crystal Glasses

130 EUR

Period : 20th century

Condition : Bon état

Material : Crystal

Description

A lovely pair of Charles X style molded crystal glasses. A magnificent parison with raised sides and decoration, ringed jamb and cut-sided feet. Height: 16 cm Ø at the rim: 9 cm Weight of a glass: 542 grams Very good condition for this pair of glasses, beautiful shine, some scratches from use under the bases. No signatures. I have not listed this model in my catalogs, however it is possible that they come from the Baccarat crystal factory. Their jambs are reminiscent of the Harcourt model.
