

## Large Pair Of Polychrome Processional Lanterns

1 100 EUR

Period : 18th century

Condition : Bon état

Material : Painted metal

Height : 60 cm

### Description

Superb and elegant pair of 18th century processional lanterns in polychrome painted sheet metal. Hexagonal and glazed, opening with a door to light a candle. The upper part in a dome and lower in a console give them an architectural side. The whole is decorated with a relief and polychrome decoration in red and green. Held by a handle allowing them to be fixed, they are easy to put in place. Quality work in good condition, can easily operate with electricity (which was the case before), decorative object.
